

German Shepherd Memorial

Two large German Shepherd statues were recently erected at the Jefferson County Dog Park. The art is a celebration of the life of Terri Tinsley, formerly of Fort Atkinson, WI.

Terri was an animal lover, and strong advocate for the creation of the Jefferson County Dog Park. She had a special love for German Shepherds. Terri passed away at a young age, and her husband Perry Tinsley dedicated her memorial contributions to the dog park. The currently open areas of the park are collectively known as the Terri Tinsley Dog Exercise Area.

The statues are the creation of Brady Lueck, another former Fort Atkinson resident.
